Term 2 2022

Week 4

Friday 25th November

Dear Parents/Carers,

This week we enjoyed watching Seals class assembly. They have clearly been very busy learning their times tables which is a key skill to support their maths. They shared some super songs they have been learning to help them know their times tables and sung with enthusiasm —well done Seals!

Letters have been sent home today to invite Reception, Key Stage 1 and Year 5 and 6 parents to our Christmas events. Please return the slips if you want a ticket to attend. There will also be carols around the tree on the last day of term which all Key Stage 2 parents are welcome to attend. More information about this will go out nearer the time.

This week, as the World Cup has started, some of our classes enjoyed practicing their football skills and have been finding out about different countries taking part. We look forward to following this in the coming weeks.

We are looking forward to our Christmas Fair next Friday. All classes are busy making items to sell and thank you to FORPS for organising this event. We hope you are able to join us between 3pm – 4:30pm.

Wishing you a lovely weekend.

Yours sincerely,

Mrs Robson
Head of School

Well done to our new Play Leaders!

London's Connections

-Introduction-

London is an incredibly picturesque and scenic place to visit or tour, but its intriguing intriguing secrets are extremely cool.

The Fire

The Great Fire of London, 1666

Despite its hostile and unorgani-
sable reputation, The Great Fire
of London only killed 6 people.

A stone obelisk is situated miles,
where the fire started,

commemorates the 6 lives lost. However, and quite
unsurprisingly, 80,000 were injured. It was caused
by a baker who left his makings too long in the oven
on Pudding Lane.

The River Thames

A spectacular place -

The River Thames - is responsible for the rapid
population growth of London. It's home to over 119
different breeds of fish, in
addition to eels, otters,
voles and possibly other
species of animals. The

River Thames runs through
7 different counties - Wiltshire,
Oxfordshire, Gloucestershire,
Berkshire, Surrey, Greater
London and Buckinghamshire.

The River Thames

Did you know

There are 40-50 theatres
established in London.
London was founded in
47 AD by Brutus - it was
once called Londinium.

The River Thames is
30 million years old and
it measures 20 metres
deep.

Beautiful Buildings

The Shard, which is the tallest building in
London, has accumulated over 1000 glass panes
during its build. I imagine all the strenuous work
they had to do.

The London Eye is similar to your typical
gerris wheel except it is 413 feet tall.

All of these buildings have contributed to
the massive ~~total~~ ~~and~~ ~~scenery~~ to London,
but every building is special in its own way.

Glossary:

strenuous - hard work,
also known as grueling
established - to build
obelisk - a large stone
accumulated - collected
contributed - done work
to support the final
product

The Shard

A lovely piece of
writing for a non-
chronological report
well done!
